

Boil Water Rescind Notice

On 07/15/22, the Texas Commission on Environmental Quality (TCEQ) required the Pennington WSC, 2280009 to issue a Boil Water Notice (BWN) to inform their customers, individuals, or employees on FM 1280 from Holly to Friday, that due to the conditions which occurred recently in our public water system, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.

Our system has taken the necessary corrective actions to restore the quality of the water distributed by this public water system used for drinking water or human consumption purposes and has provided TCEQ with laboratory test results that indicate that the water no longer requires boiling prior to use as of 07/15/22.

If you have questions regarding this matter you may contact,
Tod English at (936)638-4411

If a customer wishes to reach TCEQ, they may call 512-239-4691.
