Boil Water Notice Rescinded
07/11/2024

On **07/02/2024** the Texas Commission on Environmental Quality required the Pennington WSC, 2280009, to issue a Boil Water Notice to inform customers, individuals, or employees that due to conditions which occurred recently in the public water system at **Fortenberry Rd to Walter Dial RD**, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.

The Pennington WSC has taken the necessary corrective actions to restore the quality of the water distributed by this public water system used for drinking water or human consumption purposes and has provided TCEQ with laboratory test results that indicate that the water no longer requires boiling prior to use as of **07/11/2024**.

If you have questions concerning this matter, you may contact Tod English at (936)638-4411.

If a customer wishes to reach TCEQ, they may call (512) 239-4691.
