

Boil Water Notice

On July 13, 2022, the Texas Commission on Environmental Quality (TCEQ) required the Pennington WSC, 2280009, to issue a Boil Water Notice (BWN) to inform their customers on Dewey Street to Curry Town to boil their water prior to consumption. Children, Seniors, and persons with weakened immune systems are particularly vulnerable to harmful bacteria and all customers should follow these directions. To ensure destruction of all harmful bacteria and other microbes, water for drinking, cooking, and ice making should be brought to a rolling boil and then boiled for two minutes.

In lieu of boiling, individuals may purchase bottled water or obtain water from some other suitable source for drinking water or human consumption purposes.

When it is no longer necessary to boil the water the public water system officials will notify customers that the water is safe for drinking water or human consumption purposes.

Once the boil water is no longer in effect, the public water system will issue a notice to customers that rescinds the boil water notice in a manner similar to this notice.

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly. You can do this by posting this notice in public places or distributing them by hand or mail

If you have questions regarding this matter you may contact,
Tod English at (936)638-4411

If a customer wishes to reach TCEQ, they may call 512-239-4691.
